

## ASM MEETINGS & CONFERENCES 2017 - 2018

### **ASM/ESCMID CONFERENCE ON DRUG DEVELOPMENT TO MEET THE CHALLENGE OF ANTIMICROBIAL RESISTANCE**

September 6–8, 2017 (Pre-Conference Workshop on September 5)

Boston, MA

Boston Park Plaza

Antimicrobial drug resistance (AMR) is an urgent global health problem. New antimicrobial drug development is increasingly viewed as a priority by National and International bodies. There are relatively few agents in developmental pipelines and a paucity of identified microbiological targets that can be exploited for drug development. Co-sponsored by the American Society for Microbiology (ASM) and the European Society for Clinical Microbiology and Infectious Diseases (ESCMID), this multidisciplinary meeting will address the challenges, opportunities and current requirements for antimicrobial drug development for AMR.

### **ASM/ESCMID CONFERENCE**

### **2018 ASM BIOTHREATS**

February 12–14, 2018

Baltimore, MD

Baltimore Hilton

The 2018 ASM Biothreats meeting features an expanded program to include tracks on high consequence pathogen research, biological threat reduction, industry, and policy.

Thought leaders in academia, industry and government **will gather to present and discuss the latest developments in this emerging field.**

### **14TH ASM CONFERENCE ON CANDIDA AND CANDIDIASIS**

**April 15 – 19, 2018**

**Providence, RI**

The ASM Conference on Candida and Candidiasis will help determine the course of future research in this area and empower major ongoing efforts to understand, treat, and prevent Candida infections.

### **CLINICAL VIROLOGY SYMPOSIUM**

**May 6–9, 2018 (PASCV Workshop on May 5)**

**West Palm Beach, FL**

**Palm Beach County Convention Center**

This international symposium provides a forum for the meaningful exchange of ideas dealing with viral infections and is led by biomedical scientists engaged in research and primary care physicians and laboratorians involved with patient care.

## **ASM MICROBE**

**June 7–11, 2018**

**Atlanta, GA**

**Georgia World Congress Center**

ASM Microbe showcases the best microbial sciences in the world and provides a one-of-a-kind forum to explore the complete spectrum of microbiology from basic science to translation and application.

## **8TH ASM CONFERENCE ON BIOFILMS**

**October 7 – 11, 2018**

**Washington, DC**

The ASM Conference on Biofilms will provide a platform to discuss the latest research, covering topics that range from diagnosis and the study of clinically-relevant biofilms, through environmental biofilms, to emerging technologies and their application to biofilms.
